The Tanto is a dagger of approximately 30 cm long.

The Jo is a 100 cm long staff. The length is specific to Judo.

The Jo is used in the *Kodokan Goshin Jutsu* for: Furi-age, Furi-oroshi and Morote-tsuki.

The Kenju is a pistol, symbolizing the classic firearm used by the Japanese police. Most self defense schools use a model that has a hole that representing the trigger, but for safety reasons, Judo models have no hole. The pistol is used in the *Kodokan Goshin Jutsu* for: Shomen-tsuke, Koshigamae and Haimen-tsuke

Contestants should note that both Tanto and Pistol should not be made of metal, nor be anything other than a representation of a real weapon.
